Dear Mr. Stagman:

Thank you for your assistance in finding industrial warehouse and office space for us here in Deerfield Beach. I have been involved in the purchase, sale and leasing of commercial real estate for over 25 years on both ends of this country, as well as various portions in between, for several business entities which I have founded in my career as a serial entrepreneur. In that time I have never had anyone dedicate themselves so thoroughly to understanding, first, our business and, secondly, our needs as they pertained to that business and its development plans. No one, and I mean no one, has ever taken the time to sit down with us for such an extended period of time prior to even beginning the process of locating space. The results speak for themselves.

You found a perfect space for us after our looking at only a few spaces on the very first day because you took the time to listen and truly understand prior to identifying available properties. You cannot imagine how rare that is in the brokerage community, and I have used most of the majors. Thank you, thank you, thank you.

Thank you as well for your efforts in Key West and Jacksonville. We could not be more please and sincerely look forward to continuing our relationship with you as we expand our business throughout the rest of metropolitan Fort Lauderdale and Miami.

Yours very truly,

Sunset Moving & Storage, Inc.
