Dear Jason,

I wanted to take the time to thank you for your professionalism, attention to detail, and negotiating abilities. You are highly professional and efficient and quickly assessed my requirements for the warehouse/showroom. You went above and beyond what was expected, demonstrating your commitment to me. Your leadership with the negotiations simplified and expedited the contract process and saved me time and money by having items properly documented that later were called upon by the lesser.

I look forward to doing more business with you in the near future as my company continues to grow. I have and will continue to highly recommend you and your company to my associates.

Thanks again!
